

# Quarantine arrangements for Taiwan and overseas travellers arriving at the airport

1

Relevant Taiwan and overseas travellers complete a one-stop registration by scanning the health declaration QR code at the specimen collection stations on the arrival level of Terminal 1, then undergo specimen collection for PCR-based nucleic acid test on the spot.

2

## "Test-and-go" arrangement

- Not required to wait for the test result at the airport
- Proceed with normal arrival process for immigration and customs clearance as well as baggage collection

3

## Leave the airport

- By public transport or self-arranged transport to return to home or hotel of own choice

4

The Health & Quarantine Information Declaration system will issue the Notification of Medical Surveillance electronically. Inbound persons who have fulfilled vaccination requirement will be issued with Provisional Vaccine Pass QR codes. They may download the relevant documents via the website (<https://www.chp.gov.hk/qoms/>), upon completion of quarantine procedures.
