Boarding and quarantine arrangements for persons arriving at Hong Kong under "vaccine bubble" concept effective from 28 November 2021 at 0.00am

The boarding and quarantine arrangements applicable to a person arriving at Hong Kong depend on:

1. Whether the person arriving at Hong Kong is a Hong Kong resident (HKR)
2. What places the person arriving at Hong Kong has stayed in on the day of boarding for/arrival at Hong Kong or during the 21 days before that day (i.e. the relevant period)
3. Whether the person arriving at Hong Kong is fully vaccinated and holds a recognised vaccination record

For detailed Documentary Requirements for Boarding (including negative result proof of nucleic acid test and vaccination record) and other details, you must also refer to relevant information at web page and FAQs.

### Persons arriving in Hong Kong who have only stayed in the Mainland, Macao or Taiwan (excluding those under the "Return2hk" or "Come2hk" Scheme)

1. People who have stayed in Group A specified places on the day of boarding or during the 21 days before that day are not allowed to board any flight for Hong Kong, except those who fulfil the three aforementioned basic requirements and the following additional conditions. On return, they will be subject to the Group A quarantine arrangement.
   - HKRs who have completed their courses of vaccination and present recognised vaccination records (i.e. vaccination records issued by Hong Kong, Mainland or Macao authorities or an institution recognised by Mainland or Macao authorities, an authority or recognised institution of a country which its national regulatory authority is designated by the World Health Organization as a stringent regulatory authority, or a relevant authority or recognised institution of a country with which Hong Kong has reached a recognition agreement with its government); or
   - Accompanied minors who are Hong Kong residents or children of Hong Kong residents who are below the age of 12, if all the accompanied persons fulfilled condition stated above.

2. There will be testing by combined nasal and throat swabs (CNTS) for persons subject to quarantine at hotels. (Babies/young children will need to submit stool samples for testing)

3. According to the epidemic development and needs, the Government will arrange extra virus testing for persons arriving at Hong Kong.

4. Arrangements for compulsory testing
   4.1 You can only undergo the test by attending one of the Community Testing Centres (CTCs)
   4.2 Persons who arrive in Hong Kong from 8 September 2021 onwards must undergo testing with professional swab sampling at a CTC or a recognised local medical testing institution, so as to comply with the compulsory testing requirement.

(1) Starting from 16 November 2021, “Parallel Testing” would be arranged in the last test before discharge from Designated Quarantine Hotel / Facility.
(2) Swab samples would be collected by two different teams and tested by different laboratories separately.
(3) The sample for which was taken from the relevant traveller within 48 hours before the scheduled time of departure of the specified aircraft ("specified aircraft" means a civil aviation aircraft that arrives at, or is about to arrive at Hong Kong, i.e. the aircraft which is directly landing Hong Kong).
(4) For travellers arrived at Hong Kong after 0.00am on November 23, compulsory testing must be conducted at a Community Testing Centre.

Note 1
(b) Subject to "test and hold" arrangement at the airport upon arrival in Hong Kong; and
(c) Upon confirmation of negative test result, board the designated transport arranged by the Government to go to a DQH to undergo compulsory quarantine.

The documents have to meet the requirements in sampling time and method, language, accreditation or recognition, etc. specified in the website (Refer to website for details)
