

Specified conditions imposed on inbound travellers who have visited specified places (Cap.599H)

Under Prevention and Control of Disease (Regulation of Cross-boundary Conveyances and Travellers) Regulation (Cap.599H), an inbound traveller who, on the day on which the traveller boarded a civil aviation aircraft that arrives at, or is about to arrive at Hong Kong (specified aircraft), or during the 21 days before that day, has stayed in **any very high-risk specified place** (visit <https://www.coronavirus.gov.hk/eng/high-risk-places.html> for the list), must provide the following documents:

1

A test report in English or Chinese issued by a laboratory or healthcare institution bearing the name of the relevant traveller identical to that in his or her valid travel document to show that:

- a The relevant traveller underwent a nucleic acid test for COVID-19, the sample for which was taken from the relevant traveller within 72 hours before the scheduled time of departure of the specified aircraft;
- b The test conducted on the sample is a nucleic acid test for COVID-19; and
- c The result of the test is the relevant traveller was tested negative for COVID-19; and

2

If the relevant report is not in English or Chinese or does not contain all of the above information, a written confirmation in English or Chinese issued by the laboratory or healthcare institution bearing the name of the relevant traveller identical to that in his or her valid travel document and setting out all of the above information. The said written confirmation should be presented together with the test report; and

3

Documentary proof in English or Chinese to show that the laboratory or healthcare institution is ISO 15189 accredited or is recognised or approved by the relevant authority of the government of the place in which the laboratory or healthcare institution is located; and

4

The relevant traveller has confirmation in English or Chinese of room reservation in a hotel in Hong Kong for not less than 21 nights starting on the day of the arrival of the relevant traveller in Hong Kong.

The operator of the specified aircraft should submit to the Department of Health (DH) before the specified aircraft arrives at Hong Kong a document in a form specified by the DH confirming that each relevant traveller has, before being checked-in for the flight to Hong Kong on that aircraft, produced for boarding on the aircraft the documentary proof to show that the above conditions are met.

Travellers to Hong Kong should note that, they will still be mandated to have their deep throat saliva samples collected for conducting testing for COVID-19 at the DH's Temporary Specimen Collection Centre and wait for their test results at a designated location.
